

Outsourced Respiratory Therapy Services for SNFs

Enhance Quality Care with Reliant's Expert
Respiratory Therapy

As respiratory conditions rise among seniors, partnering with Reliant's outsourced Respiratory Therapy services can significantly improve care quality and patient outcomes while optimizing reimbursement for your SNF.

Why Choose Reliant?

- **Specialized Expertise:** Our licensed respiratory therapists manage complex conditions like COPD and pneumonia, ensuring top-tier care for your residents.
- **Compliance & Reimbursement:** Services align with PDPM and Value-Based Purchasing, maximizing reimbursement and enhancing financial performance.
- **Customized Care Plans:** Tailored programs address individual needs, improving clinical outcomes and resident satisfaction.
- **Cost Efficiency:** Avoid the challenges of in-house staffing—focus on your core competencies while we manage respiratory care.

Key Services Offered

- Comprehensive Respiratory Assessments
- Oxygen Therapy Management
- Ventilator & Tracheostomy Care
- Pulmonary Rehabilitation
- Staff Training & Education

Benefits for Your SNF

- **Improved Patient Outcomes:** Reduce complications and hospital readmissions with our proactive approach.
- **Enhanced Efficiency:** Free your nursing staff to focus on essential tasks while we handle respiratory needs.
- **Increased Satisfaction:** Comprehensive care improves quality of life and helps your SNF stand out.

Summary of Billing Models

Model	Description	Best For
Per-Patient Day (PPD)	Fixed daily rate per patient	SNFs with fluctuating census, preferring predictable costs
Time in the facility	Hourly charge based on therapist time	SNFs' with fluctuating census, preferring variable cost
Fee-for-Service (FFS)	Charges based on specific services rendered	Facilities wanting to pay for only utilized services
Flat Monthly Rate	Fixed monthly fee for comprehensive services	Larger facilities with consistent census

Partner with Reliant for exceptional respiratory care that elevates resident outcomes and facility performance.
